I enjoyed meeting you on Tuesday and want to compliment you for putting together the friendliest group of people I have met in a long time. That is, undoubtedly, due to your personality and warmth. I appreciate that a great deal.

Best regards, Debbie

Dip,

Thank you for setting up such a great networking event. I enjoyed how it was laid back and included many people within my scope of work – it was and is a true win-win networking event. Thanks again Dip and I look forward to attending many more events!

Best, Chris

Hello,

It was a pleasure meeting you at the event tonight. It was my first time there; but, I plan on attending again... and again. I really had a good time and it is a great group. I also look forward to bringing my own network into the group.

Dip,

I truly hope you will have the opportunity to come to my mixer and allow me the opportunity to repay you for doing such an amazing job. I am blown away and it would be my pleasure to have you and any of your friends visit us next week.

I look forward to seeing you again, please contact me should you have any questions,

Dip,

I wanted to start off by stating the event was wonderful. I met so many diverse business owners to add to my collective portfolio. I will look forward to attending your next events and of course continue to invite new guest.

It was a pleasure meeting with you and I look to continue to socialize and network both myself and my company as time goes on.

Regards,
